Dated: 12.11.2021
Ref. No.: 9-2/2021-IS.3

Dear Sir/Madam,

The National Education Policy (NEP) 2020 has emphasized the need for holistic, flexible, and accessible education for all. In alignment with this vision, the Department of School Education & Literacy, Ministry of Education, is actively reviewing the regulatory framework for existing and new school boards.

The Delhi Open Board of School Education (DOBSE) has submitted its proposal for recognition and affiliation. This Department acknowledges the potential role of DOBSE in expanding open and distance learning opportunities, particularly for those in under-served regions.

In principle, and subject to final verification of adherence to the core curricular standards and assessment practices as per NEP 2020 guidelines, this Department is pleased to convey initial recognition to the Delhi Open Board of School Education for the academic session beginning 2021-22.

This recognition is granted on the proviso that DOBSE provides periodic compliance reports, aligning its curriculum with the emerging National Curriculum Framework (NCF). Failure to do so may lead to re-evaluation of this status.

A detailed notification regarding the terms of final recognition will be issued in due course.

Best Wishes,

Yours sincerely,
